

Skirting of Recreation Vehicles Policy

Any (Recreation) vehicle must be skirted within six (6) months from the day the vehicle was put in place. All skirting must be approved by the AERC. There can only be a maximum of 2" high cement blocks or lumber under the screw jacks.

AERB Interpretation

All recreation vehicles past six (6) months of Installation shall be considered permanent and shall be skirted regardless of support mechanisms. Motor homes and travel trailers that leave the park and surrounding grounds for at least twenty four (24) hours in a six (6) month period are exempt for six (6) months, provided their departure and arrival are a matter of record at the gate house.
