Beautification Committee

5 Members

The Beautification Committee serves as an advisory committee with the purpose of enhancing the appearance and ecology of Clarcona Resort. The mission of the committee is to:

- Improve and maintain the attractiveness of the entrance and common areas for the enjoyment of current residents and attraction of future residents.
- Promote community pride through our projects and inspire residents to participate in the beautification of our resort.
- Educate residents in water conservation, “Right Plant-Right Place”, and non-invasive plantings.
- Choose native, drought-tolerant, attractive, and low-maintenance plants that will attract pollinators and enhance our ecology.
- Identify the areas in need, develop projects, and monitor implementation.
- Work with management to secure funding.
- Coordinate with Utilities and Safety Committees where plantings may enhance and/or protect the resort.
